

*Kennedy 2540/iPod

On 111809 Det. Poling asked me to review the contents of a purple iPod 8GB SER/5U851KM43QU, which was taken out of a backpack (evidence item #1001).

The iPod's name was listed as "BOB (E:)"

I examined the contents of "BOB (E:)", taking screen images of the files and folders I could open and access.

A copy of this information was printed out for hard copy documentation as well as saved on CD. I also copied the contents of "BOB (E:)" for future reference on CD.
